Re: 3rd Request for Legible Copy of Corrected Filing Receipt

3 pages including this cover sheet are being transmitted. If you do not receive all pages, please let us know by return facsimile.

NOTICE: The information in this facsimile message may contain legally privileged and confidential matters intended only for the use of the individual or entity named above. If you are not the intended recipient, please note that any dissemination, distribution or copying of this communication is strictly prohibited. If you have received this communication in error, we ask that you please notify us immediately, and then return the facsimile by mail to us at the above address. Thank you.

Attached is a Corrected Filing Receipt received in our office for serial no. 10/070,734. The original that we received is so faded that it is illegible. Please fax (or mail) to us a cleaner, clearer copy of the Corrected Filing Receipt that we may forward to our client. Thank you for your prompt attention to this matter.

Sincerely,

Barbara A. Ginder

Model is acknowledged as the regular Patent Application. It will be considered in its order and you will be notified as to the results of the examination. We suggest you provide the U.S. APPLICATION NUMBER, FILING DATE, NAME OF APPLICANT, and TITLE OF INVENTION when inquiring about this application. Fees transmitted by check or draft are subject to collection. Please verify the accuracy of the date presented on this receipt. If an error is noted on this Filing Receipt, please write to the Office of Initial Patent Examination's Filing Receipts Section, facsimile number 703-743-6976. When providing a copy of this Filing Receipt with the change(s) noted thereon, if you received a "Notice to File a Filing Receipt" for this application, please submit any corrections to this Filing Receipt with your copy of the Notice. When the USPTO processes the reply to the Notice, it will use the filing receipt number, if applicable, pointing to the requested correction(s).

Title**Holding Mechanism for Replacement Ink Ribbon****Preliminary Class**

400

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15****GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
